Women Leadership Atlas Awards is part of the world's most prestigious "Atlas Awards" global brand; singularly honors legendary, influential, and transformative women leaders from the corporate, institutional investing, private equity, venture capital and entrepreneurs from all corners of the globe.

WHY, repute: Recognizes unique talents of highly accomplished women leaders, as well as compliment to the organization's commitment to foster gender balance, support diversity, and active engagement in creating opportunities for women's advancement in the wider business community.

Significantly, the independently governed awards equate to achieving the "Gold Standard of Performance" world-wide since the award recipient is selected on merits.

A LONG-TIME: Founder and global group editor, Shanta Kumari has keen appreciation of the issues related to "gender...diversity..." ever since she started her career at Drexel Burnham. Having lived through the crisis at Drexel and Kidder Peabody, she went on to become deputy editor of a global asset management publication, followed by starting a "woman-led" global consulting firm and was the only "female" among the consulting group involved in the inception and construction of the "i-Shares" ETF fund at Barclays.

Likewise, her idea to create an award that meaningfully validates excellence and hard-work is at the center of the *Women Leaders Atlas Awards and Women Dealmakers* honors...and a very, very, long-time in making!

PUBLISHING: Short profile of each winner is published after the recognition ceremony.

Example, see USA Winners: <https://globalmanetwork.com/usa-women-dealmakers/winners-2019/>

i-NOMINATE Advantage: On behalf of your organization, colleagues, and clients, nominate and gain the advantage of being considered first, and early notification. There are no fees to nominate for our consideration. Kindly note, nominee-winners must attend the gala ceremony to be honored.

INDEPENDENT GOVERNANCE: Awardees are evaluated based on their professional record, including criteria such as the significance and standing of their organizations; along with their personal attributes and influence in shaping their respective organizations and fostering gender balance and diversity initiatives.
